

WAVEFRONT GLOBAL INVESTMENT PROGRAM

March 2025

Recent Monthly Performance

Program: -0.61% Benchmark: -0.55%

Investment Objective

The WaveFront Global Investment Program seeks superior long-term absolute and risk-adjusted returns with the potential for low correlation to global equity and fixed-income market returns.

Investment Strategy

The portfolio is constructed through a quantitative investment process that produces long and short positions in futures and options on futures contracts covering global commodities, currencies, interest rates and equity indices

Factors considered include momentum, value, yield, volatility and correlation, in addition to macroeconomic and supply/demand variables.

Important Information: Past performance is not necessarily indicative of future results. Futures trading is speculative and involves substantial risk. Potential investors should note that the value of an investment may go down as well as up. There is a risk that an investment will be lost entirely or in part. An investment in the Program is speculative and involves a high degree of risk and is not intended as a complete investment program. There is no guarantee of trading performance. An investment should only be made after consultation with independent qualified sources of investment and tax advice. This communication is not and under no circumstances is to be construed as an invitation to make an investment in any WaveFront program nor does it constitute a public offering to sell a fund or program. Investors should review the Offering Documents of any WaveFront Program or Fund in their entirety for a complete description of WaveFront's programs or Funds. Applications to invest will only be considered on the terms set out in the Offering Documents. The information in this material is subject to change without notice and WaveFront will not be held liable for any inaccuracies or misprints.

The Monthly Rates of Return above are the composite weighted net returns of all client accounts of WaveFront managed pursuant to the WaveFront Global Investment Program, computed pursuant to methodologies approved by the U.S. Commodity Futures Trading Commission (CFTC).
